

CarePartners of Connecticut PPO 2026 Formulary (List of Covered Drugs or “Drug List”)

CarePartners of Connecticut PPO Plan

PLEASE READ: This document contains information about the drugs we cover in this plan

26452 Version 12

This formulary was updated on 06/01/2026. For more recent information or other questions, please contact CarePartners of Connecticut Member Services at **1-866-632-0060** (TTY users should call 711), 8:00 a.m. to 8:00 p.m., 7 days a week from October 1 to March 31 and Monday–Friday from April 1 to September 30, or visit **www.carepartnersct.com**.

CarePartners of Connecticut PPO

2026 Formulary (List of Covered Drugs)

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to “we,” “us,” or “our,” it means CarePartners of Connecticut. When it refers to “plan” or “our plan,” it means CarePartners of Connecticut PPO.

This document includes the Drug List (formulary) for our plan which is current as of 06/01/2026. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2026, and from time to time during the year.

What is the CarePartners of Connecticut formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by CarePartners of Connecticut in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. CarePartners of Connecticut will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a CarePartners of Connecticut network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

Can the formulary change?

Most changes in drug coverage happen on January 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: www.carepartnersct.com.

Changes that can affect you this year. In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section titled *“How do I request an exception to the CarePartners of Connecticut formulary?”* on page VI.

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30-day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section entitled *“How do I request an exception to the CarePartners of Connecticut formulary?”* on page VI.

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for

those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 06/01/2026. To get updated information about the drugs covered by CarePartners of Connecticut, please contact us. Our contact information appears on the front and back cover pages. In the event of a mid-year non-maintenance formulary change, you will be notified via an errata sheet.

How do I use the formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 3. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category “*Cardiovascular Drugs.*” If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 73. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

CarePartners of Connecticut covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs. For discussion of drug types, please see the *Evidence of Coverage*, Chapter 5, Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** CarePartners of Connecticut requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from CarePartners of Connecticut before you fill your prescriptions. If you don't get approval, CarePartners of Connecticut may not cover the drug.
- **Quantity Limits:** For certain drugs, CarePartners of Connecticut limits the amount of the drug that CarePartners of Connecticut will cover. For example, CarePartners of Connecticut provides 30 tablets per prescription for *ramelteon*. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, CarePartners of Connecticut requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, CarePartners of Connecticut may not cover Drug B unless you try Drug A first. If Drug A does not work for you, CarePartners of Connecticut will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 3. You can also get more information about the restrictions applied to specific covered drugs by visiting our web site. We have posted online a document that explains our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask CarePartners of Connecticut to make an exception to these restrictions or limits, or for a list of other, similar drugs that may treat your health condition. See the section *“How do I request an exception to the CarePartners of Connecticut formulary?”* on page VI for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that CarePartners of Connecticut does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by CarePartners of Connecticut. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by CarePartners of Connecticut.
- You can ask CarePartners of Connecticut to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the CarePartners of Connecticut formulary?

You can ask CarePartners of Connecticut to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization, step therapy, or a quantity limit on your drug. For example, for certain drugs, CarePartners of Connecticut limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level, unless the drug is on the specialty tier.

Generally, CarePartners of Connecticut will only approve your request for an exception if the alternative drugs included on the plan’s formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber’s supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give

you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If your coverage is not approved after your first one-month supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

As a current member, if you are admitted to or discharged from a long-term facility and experience an unplanned drug change, you can request that we approve a one-time, temporary fill of the non-covered medication to allow you time to discuss a transition plan with your physician. Your physician can also request an exception to coverage for the non-covered drug based on review for medical necessity following the standard exception process outlined previously. The temporary "first fill" will generally be up to a 31-day supply, but may be extended to allow you and your physician time to manage the complexities of multiple medications or when special circumstances warrant. You can request a temporary prescription fill by calling the CarePartners of Connecticut Member Services department.

For more information

For more detailed information about your CarePartners of Connecticut prescription drug coverage, please review your *Evidence of Coverage* and other plan materials.

If you have questions about CarePartners of Connecticut, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call

Medicare at **1-800-MEDICARE (1-800-633-4227)** 24 hours a day/7 days a week. TTY users should call **1-877-486-2048**. Or, visit **www.medicare.gov**.

CarePartners of Connecticut formulary

The formulary that begins on page 3 provides coverage information about the drugs covered by CarePartners of Connecticut. If you have trouble finding your drug in the list, turn to the Index that begins on page 73.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., ENBREL) and generic drugs are listed in lower-case italics (e.g., *omeprazole*).

The information in the Requirements/Limits column tells you if CarePartners of Connecticut has any special requirements for coverage of your drug.

PA BvD: Medicare Part B or D

These drugs require prior authorization to determine appropriate coverage under Medicare Part B or Part D. Some Part B drugs may require a 20% coinsurance.

QL: Quantity Limit Applies

Because of potential safety and utilization concerns, CarePartners of Connecticut has placed dispensing limitations on a small number of prescription drugs. This means that the pharmacy will only dispense a certain quantity of a drug within a given time period. These quantities are based on recognized standards of care, such as U.S. Food and Drug Administration recommendations for use. If your doctor believes you need a quantity greater than the program limitation, your doctor can submit a request for coverage under the Medical Review Process. The Medical Review Process allows you or your doctor to ask CarePartners of Connecticut to make an exception to our coverage rules. See the section, *“How do I request an exception to the CarePartners of Connecticut formulary?”* on page VI for information about how to request an exception.

EC: Enhanced Coverage Drug

This prescription drug is not normally covered in a Medicare Prescription Drug Plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for this drug.

HI: Home Infusion Drug

This prescription drug may be covered under your medical benefit. Some Part B drugs may require a 20% coinsurance. For more information, please call CarePartners of Connecticut Member Services at **1-866-632-0060** (TTY users should call 711), 8:00 a.m. to 8:00 p.m., 7 days a week from October 1 to March 31 and Monday – Friday from April 1 to September 30, or visit www.carepartnersct.com.

PA: Prior Authorization Required

The Prior Authorization process encourages rational prescribing of drug products with significant safety and/or financial concerns. A provider can submit a request for coverage based on a member's medical need for a particular drug. If approved, the member pays the designated tier copayment. An appeal process exists for denied requests.

PA NSO: Prior Authorization for New Starts Only

The Prior Authorization restriction only applies if you are a new member or have not taken this drug before.

ST: Step Therapy Prior Authorization Applies

Step Therapy is an automated form of Prior Authorization, which uses claims history for approval of a drug at the point of sale. Step Therapy programs help encourage the clinically proven use of first-line therapies and are designed to ensure the utilization of the most therapeutically appropriate and cost-effective agents first, before other treatments may be covered.

Members who are currently on drugs that meet the initial Step Therapy criteria will automatically be able to fill their prescriptions for a stepped medication. If the member does not meet the initial Step Therapy criteria, the prescription will deny at the point of sale with a message indicating that Prior Authorization (PA) is required. Physicians may submit Prior Authorization requests to CarePartners of Connecticut for members who do not meet the Step Therapy criteria at the point of sale under the Medical Review Process. The Medical Review Process allows you or your doctor to ask CarePartners of Connecticut to make an exception to our coverage rules. See the section, *"How do I request an exception to the CarePartners of Connecticut formulary?"* on page VI for information about how to request an exception.

ST NSO: Step Therapy Prior Authorization Applies to New Starts Only

The Step Therapy Prior Authorization restriction only applies if you are a new member or have not taken this drug before.

NEDS: Non-extended Day Supply Drug

In an effort to contain drug costs, certain high-cost drugs will be limited up to a 30-day supply per fill. This limitation may also apply to certain drugs not on the formulary such as Vyndamax and Attruby.

SP: Available Through a Designated Special Pharmacy Provider

You have the option to obtain this drug through a designated Specialty Pharmacy provider. These pharmacies specialize in supplying a select number of medications directly to our members. They also provide free delivery to your home, educational support 24/7 by phone, support of nurses and pharmacists, and will work closely with your doctor. Medications include, but are not limited to, drugs used in the treatment of multiple sclerosis, hepatitis C, rheumatoid arthritis, and cancers treated with oral medications.

Optum Specialty Pharmacy: **1-844-265-1705**

Additional coverage

Diabetic Testing Supplies: Diabetic testing supplies including blood glucose monitors, blood glucose test strips, lancet devices, lancets, glucose control solutions, and Continuous Glucose Monitoring Systems (CGMs) are covered under the plan's medical benefit at participating retail or mail-order pharmacies. Our preferred coverage is as follows:

- Accu-Chek Test Strips
- Accu-Chek Meters (Quantity Limit: 1 meter per 180 days)
- Covered therapeutic Continuous Glucose Monitors (CGMs) include Dexcom and FreeStyle Libre products that are considered Durable Medical Equipment (DME) by Medicare (Requires prior authorization)

Part B Vaccines: Certain vaccines are covered under the plan's medical benefit and can be obtained at participating retail pharmacies. Vaccines covered under Part B include:

- COVID-19 vaccines
- Flu vaccines
- Pneumonia vaccines (i.e. Pneumovax 23 & Prevnar 13)

Part B Oral Anti-Cancer Drugs: Certain oral anti-cancer drugs are covered under the plan's medical benefit at participating retail or mail-order pharmacies. Oral anti-cancer drugs covered under Part B include:

- Alkeran Tablet
- Capecitabine Tablet
- Etoposide Capsule
- Hycamtin Capsule
- Melphalan Tablet
- Myleran Tablet
- Temozolomide Capsule

Prescription Drug Benefits: Deductible (for Part D prescription drugs)	CarePartners Access		
	\$550 per year for your Tier 3, Tier 4, and Tier 5 drugs.		
Prescription Drug Benefits: Initial Coverage	CarePartners Access		
Note: Tier 1 and Tier 2 drugs include enhanced coverage of select erectile dysfunction (ED) drugs.	After you pay your yearly deductible of \$550 for Tier 3, Tier 4, and Tier 5 drugs, you pay the Tier 3, Tier 4, or Tier 5 copays listed below until your total yearly drug costs reach \$2,100. Total yearly drug costs are the total drug costs paid by both you and our Part D plan. You may get your drugs at network retail pharmacies and mail order pharmacies.		
Retail Cost Sharing—Preferred Pharmacy			
Tier	30-day supply	60-day supply	90-day supply
Tier 1 (Preferred Generic)	\$0	\$0	\$0
Tier 2 (Generic)	\$2	\$4	\$6
Tier 3 (Preferred Brand)	20% of the cost (Insulin: \$35)	20% of the cost (Insulin: \$70)	20% of the cost (Insulin: \$105)
Tier 4 (Non-Preferred Drug)	25% of the cost (Insulin: \$35)	25% of the cost (Insulin: \$70)	25% of the cost (Insulin: \$105)
Tier 5 (Specialty Tier)	25% of the cost	N/A	N/A
Tier 6 (Vaccines)	\$0	N/A	N/A
Retail Cost Sharing—Non-Preferred Pharmacy			
Tier	30-day supply	60-day supply	90-day supply
Tier 1 (Preferred Generic)	\$5	\$10	\$15
Tier 2 (Generic)	\$12	\$24	\$36
Tier 3 (Preferred Brand)	20% of the cost (Insulin: \$35)	20% of the cost (Insulin: \$70)	20% of the cost (Insulin: \$105)
Tier 4 (Non-Preferred Drug)	25% of the cost (Insulin: \$35)	25% of the cost (Insulin: \$70)	25% of the cost (Insulin: \$105)
Tier 5 (Specialty Tier)	25% of the cost	N/A	N/A
Tier 6 (Vaccines)	\$0	N/A	N/A
Mail Order Cost Sharing			
Tier	30-day supply	60-day supply	90-day supply
Tier 1 (Preferred Generic)	\$0	\$0	\$0
Tier 2 (Generic)	\$2	\$4	\$4
Tier 3 (Preferred Brand)	20% of the cost (Insulin: \$35)	20% of the cost (Insulin: \$70)	20% of the cost (Insulin: \$70)
Tier 4 (Non-Preferred Drug)	25% of the cost (Insulin: \$35)	25% of the cost (Insulin: \$70)	25% of the cost (Insulin: \$70)
Tier 5 (Specialty Tier)	25% of the cost	N/A	N/A
Tier 6 (Vaccines)	N/A	N/A	N/A
If you reside in a long-term care facility, you pay the same as at a preferred retail pharmacy. You may get drugs from an out-of-network pharmacy, but you may pay more than you pay at an in-network pharmacy. During this stage, the plan pays its share of the cost of your Tier 1, Tier 2, and Tier 6 drugs, and you pay your share of the cost. After you have met your annual \$550 Tier 3, Tier 4, and Tier 5 deductible, the plan pays its share of the cost of your			

Tier 3, Tier 4, and Tier 5 drugs, and you pay your share.

Prescription Drug Benefits: Catastrophic Coverage	CarePartners Access
	After your yearly out-of-pocket drug costs (including drugs purchased through your retail pharmacy and through mail order) reach \$2,100, you pay nothing for covered Part D drugs and for excluded drugs that are covered under our enhanced benefit. During this payment stage, the plan pays the full cost for your covered Part D drugs and for excluded drugs that are covered under our enhanced benefit.

UDENYCA INJECTION 6MG/0.6ML	5	NEDS; SP
ZARXIO INJECTION 300MCG/0.5ML, 480MCG/0.8ML	5	NEDS; SP
Hemostasis Agents		
<i>aminocaproic acid injection 250mg/ml</i>	2	
<i>aminocaproic acid oral solution 0.25gm/ml</i>	4	
<i>aminocaproic acid tablet 500mg</i>	2	
<i>tranexamic acid tablet 650mg</i>	3	
Platelet Modifying Agents		
<i>aspirin/dipyridamole er capsule extended release 12 hour 25mg; 200mg</i>	4	
CABLIVI INJECTION 11MG	5	NEDS
<i>cilostazol tablet 100mg, 50mg</i>	2	
<i>clopidogrel tablet 300mg, 75mg</i>	1	
DOPTELET TABLET 20MG	5	PA; NEDS; SP
<i>prasugrel hydrochloride tablet 10mg, 5mg</i>	3	
<i>ticagrelor tablet 60mg, 90mg</i>	3	
Cardiovascular Agents		
Alpha-adrenergic Agonists		
<i>clonidine hydrochloride tablet 0.1mg, 0.2mg, 0.3mg</i>	1	
<i>clonidine patch weekly 0.1mg/24hr, 0.2mg/24hr, 0.3mg/24hr</i>	4	
<i>droxidopa capsule 100mg</i>	4	PA; SP
<i>droxidopa capsule 200mg, 300mg</i>	5	PA; NEDS; SP
<i>midodrine hydrochloride tablet 10mg, 2.5mg, 5mg</i>	3	
Alpha-adrenergic Blocking Agents		
<i>prazosin hydrochloride capsule 1mg, 2mg, 5mg</i>	2	
Angiotensin II Receptor Antagonists		
<i>candesartan cilexetil tablet 16mg, 32mg, 4mg, 8mg</i>	1	
<i>irbesartan tablet 150mg, 300mg, 75mg</i>	1	
<i>losartan potassium tablet 100mg, 25mg, 50mg</i>	1	
<i>olmesartan medoxomil tablet 20mg, 40mg, 5mg</i>	1	
<i>telmisartan tablet 20mg, 40mg, 80mg</i>	1	
<i>valsartan tablet 160mg, 320mg, 40mg, 80mg</i>	1	
Angiotensin-converting Enzyme (ACE) Inhibitors		
<i>benazepril hydrochloride tablet 10mg, 20mg, 40mg, 5mg</i>	1	
<i>captopril tablet 100mg, 12.5mg, 25mg, 50mg</i>	1	
<i>enalapril maleate tablet 10mg, 2.5mg, 20mg, 5mg</i>	1	
<i>fosinopril sodium tablet 10mg, 20mg, 40mg</i>	1	
<i>lisinopril tablet 10mg, 2.5mg, 20mg, 30mg, 40mg, 5mg</i>	1	
<i>moexipril hydrochloride tablet 15mg, 7.5mg</i>	1	

Formulary ID: 26452, Version: 12, Effective Date: 06/01/2026

Last Updated: 06/01/2026
