

Medicare Prescription Payment Plan participation request form

The Medicare Prescription Payment Plan is a voluntary payment option that works with your current drug coverage to help you manage your out-of-pocket Medicare Part D drug costs by spreading them across the calendar year (January-December). **This payment option might help you manage your expenses, but it doesn't save you money or lower your drug costs.**

This payment option might not be the best choice for you if you get help paying for your prescription drug costs through programs like Extra Help from Medicare or a State Pharmaceutical Assistance Program (SPAP). Call your plan for more information.

Complete all fields unless marked optional

FIRST name: _____ LAST name: _____ MIDDLE initial (optional): _____

TTY users can call 711.

Terms and Conditions

The Medicare Prescription Payment Plan (M3P) is a new payment option in the Inflation Reduction Act that works with your current drug coverage to help you manage your out-of-pocket Medicare Part D drug costs by spreading them across the calendar year (January-December). Your drug coverage offers this payment option and participation is voluntary. There's no additional cost to participate in the Medicare Prescription Payment Plan.

By enrolling in the Medicare Prescription Payment Plan (M3P), you agree to the following terms and conditions:

- To enroll in the plan, you must have active Part D coverage.
- You understand that you have the option to leave the Medicare Prescription Payment Plan at any time but will still be responsible for any drug costs already incurred.
- You will be billed monthly. This payment is separate from any plan premiums (if applicable).
- Your payments may change each month if your prescriptions change month over month.
- You are responsible for paying your bill each month, on or before the due date.
- If you miss a payment, you will be sent a reminder to make payment. If you do not pay your bill by the due date listed in that reminder, you will be subject to removal from the Medicare Prescription Payment Plan.
- Removal from the Medicare Prescription Payment Plan does not impact your payment requirements. If terminated from the program, you remain obligated to pay past due amounts and may continue to receive bills for outstanding payments.
- Late payments made pursuant to the Medicare Prescription Payment Plan are not subject to interest or additional fees.
- If you are removed from the Medicare Prescription Payment Plan, this will not impact your current drug coverage.
- Removal from the Medicare Prescription Payment Plan may impact your eligibility to enroll in the program in the future.
